

CURRICULUM PLAN

ART TEXTILES

BRAMHALL HIGH SCHOOL

Curriculum Intent

Course overview:

A chance to design and make a selection of woven, knitted, stitched, printed or decorative textiles. Areas of study include fashion design, illustration, costume design, constructed textiles, printing, dyed and digital textiles.

Assessment: Portfolio of work and final textiles outcome (3 projects in total)

Component 1: Produce a sustained project and a selection of further work that represents the course of study.

1.1)Experimentation Workshop – Introduction focusing on core drawing skills and textiles techniques.

1.2)Final major project: Natural Forms – Taking inspiration from natural forms to create a textiles outcome.

Combined this is worth 60 % of your overall mark.

Component 2: Externally set assignment. Students get portfolio preparation time of approx. 12 weeks, plus ten hours of supervised time to make final response (practical exam). This is worth 40 % of your overall mark.

YEAR 10 Our Experimentation Workshop helps students to develop Ideas through investigations, demonstrating critical understanding of sources looking at the core disciplines of Art Textiles, Line, Tone, Texture and Colour. They will refine work by exploring Ideas, selecting and experimenting with appropriate media, materials, techniques and processes taking Inspiration from the work of others. Students will communicate their design journey to record ideas, observations and insights relevant to intentions as work progresses. Students will make products to present a personal and meaningful response that realises intentions and demonstrates understanding of visual language.

YEAR 11 Students work on their final major project, Natural forms. This project allows students to develop Ideas through investigations, demonstrating critical understanding of sources. They will refine work by exploring Ideas, selecting and experimenting with appropriate media, materials, techniques and processes. Students will communicate their design journey to record ideas, observations and insights relevant to intentions as work progresses. Students will make a final response to present a personal and meaningful response that realises intentions and demonstrates understanding of visual language. Students will then begin component 2 – Externally Set assignment (ESA).
