

**BRAMHALL
HIGH SCHOOL**

TRANSPORT

HOW TO GET HERE

Walking to School:

We actively encourage our students to walk to school with their friends where possible. This gets the day off to a healthy start and encourages them to be active.

Cycling to School:

Another popular choice with students is cycling to school. We have secure bike storage onsite. We ask students to ride safely and responsibly on the roads, with necessary measures, such as helmets, lights and, most importantly, a regularly serviced bike!

School Bus Service/Public Transport:

TfGM operates four school buses as well as two public buses that serve the school. The train service is also popular with some students. Bramhall train station is only a short walk from school.

Coming to school by car:

We do ask parents to observe the parking restrictions in the local vicinity. We recommend an early drop-off and slightly later collection when traffic is less busy.
