DINING AT BRAMHALL

EAT FRESH - EAT HEALTHY

THE BRAMHALL REFECTORY

OUR DINING FACILITIES

Our large refectory offers a wide range of hot and cold food. All menus are rotated on a three-week carousel and are published on our website. All of our food is freshly prepared and adheres to our strict healthy eating policy, which ensures students are getting a well-balanced diet when at school.

BREAKFAST CLUB

Our Breakfast Club is very popular with students. Ensuring students are well-nourished at the start of the day is imperative to energy and concentration levels. Breakfast Club is open from 8.00-8.30am. Students can pre-order their lunch at Breakfast Club. All items from the Deli Bar are available for pre-order.

CASHLESS SYSTEM

We operate a cashless system in our refectory. Each student has a unique PIN that is used to purchase food from their account. The system is quick and easy to use, removing the need to carry cash.

Our preferred payment method to top up is online via SCOPAY. This is the same service we use for all online payments. You will be sent details of how to access SCOPAY before Induction Day. While online payments are preferred, we can accept payments by cheque or cash.

PACKED LUNCH ARRANGEMENTS

Many students bring in a packed lunch, and they are welcome to sit with their friends in the refectory. We recommend that any students attending extra-curricular activities or lunchtime clubs bring in a packed lunch or pre-order a sandwich from our Deli Bar in the refectory.
