

Dear Parents & Carers,

I am delighted to welcome you and your child to Bramhall High School. Over the course of the next five years, you will become part of a truly amazing team of staff, students, parents and governors. Our entire school community works tirelessly to ensure that Bramhall High School is a positive, welcoming and successful learning environment.

Moving up to secondary school is a giant step in the journey of your child's life, but it shouldn't be a leap into the unknown. As a parent you will want to be absolutely confident that you're doing the right thing for your child, by sending them to a high achieving school that will set them firmly on the path towards further education and onto a lifetime of success. Rest assured, Bramhall High is that school.

Our vision is simple: Every Student will achieve exceptionally well in Every Subject they study to secure Every Grade possible. As well as maximising their academic potential, they will flourish into a well-rounded, confident, forward-thinking, polite and well-mannered individual who will fully contribute to this exciting, vibrant and thriving community.

This is an exciting time to become one of the Bramhall High School community as in 2028, we will open the doors to a brand-new, purpose-built school building—an ambitious investment in the future of our students and community. This rebuild will provide state-of-the-art classrooms, specialist facilities and modern learning environments designed to inspire every young person who walks through our doors. While the construction takes place, your child's education will continue uninterrupted. We have planned carefully to ensure that teaching, learning and the wider school experience remain of the highest quality throughout the transition. The rebuild is an exciting chapter in our school's journey, and your child will benefit not only from our strong current provision but also from the exceptional facilities that lie ahead.

Our success is built upon our values: Respect, Resilience and Excellence. We already know we are a good school (Ofsted 2023) and provide fantastic academic outcomes for students. We are consistently above local and national averages on all performance measures. Results alone do not make for a successful future, but also a person's mindset, their character and how they treat others. We are an inclusive school, welcoming students from a range of backgrounds.

Excellent teaching is at the heart of our success. Committed and enthusiastic teachers with strong subject knowledge, deliver high quality, enjoyable lessons that encourage a lifelong love of learning. Visitors to the school comment upon the happy, purposeful atmosphere and the excellent behaviour of students. We provide the perfect blend of academic challenge, personal care and enrichment that allow for the holistic development of every child. All in all, students make outstanding progress leaving us as creative, talented and well-rounded individuals.

All students are provided with a wealth of opportunities to nurture existing talents and interests, as well as to discover new ones. We have an outstanding reputation for sports and the performing arts but offer so much more. Our extra-curricular and other enrichment activities are an essential part of our provision. As Ofsted noted in September 2023, 'pupils proudly explained that there is something for everyone to get involved in'.

Bramhall High School is not just a school, but a family, a community of enthusiastic learners who find excitement throughout their time with us. We work closely with parents to ensure that the time their child spends with us is safe and happy as well as successful. Parents are partners with us during the crucial years spent at secondary school. We aim to support you, and hope, in return, that you will support the school in providing a stable, pleasant and well-ordered environment.

Many parents find it rewarding to become more actively involved in the school through the flourishing 'Parent Teacher Association' or as a Parent Governor. Parents are encouraged to contact the school as soon as they have any concerns and are always welcome to come into school.

No doubt, you are all full of uncertainties and anxieties about how you will begin, what you will experience, and ultimately what you will learn from this school. What we can promise you is an unwavering dedication from a talented group of staff who believes passionately in giving the very best opportunities to all the young people within our school, and also you as parents and carers.

We look forward to meeting and working with you in the future.

Paul Williams
Headteacher
